

World Bank - Workshop

How to improve public services with Open Data solutions

Thursday 2 June

10:30 to 12:30 – Room (TBD)

Interactive workshop exploring practical examples of open innovation based on using open data. Participants will share areas of improvement in their cities and will get to know tools to address identified problems and they will co-create solutions inspired by real examples. The workshop will be lead by two facilitators from the World Bank.

Open Registration (places are limited)

If you are interested, please register at the Information Point of the Exhibition area.

Workshop will be held in ENGLISH
